Business Analyst/Service Co-ordinator (Applications Analyst 2)

The Business Analyst/Service Co-ordinator will have a strong focus on organizing, prioritizing, delivery and follow-up on requests to deliver quality services to the business. The successful candidate will be responsible for documenting business requests, requirements, data and process flow modelling. Assist with documentation of system design changes or enhancements to increase the efficiency of departmental operations. You would facilitate the creation and delivery of business materials.

The successful candidate understands the client's current and future business plans and IT needs; exhibits detailed understanding of overall strategic direction. You are able to think logically and analytically in a IT and business environment and have excellent planning, organizing and budgeting skills.

You must have a diploma in a directly related field from a recognized institution plus 5 years of directly related and relevant experience; or a bachelor's degree in a directly related field from a recognized institution plus 3 years of directly related and relevant experience; or technical courses in the field plus 7 years of directly related and relevant experience. Experience to include at least two years at the Application Analyst 1 level or acceptable equivalent.

A career in municipal service is one of the best moves you'll ever make. Our benefits, commitment to work/life balance, and opportunities for continuous learning are second to none. What's more, you will take your place alongside a close-knit team of technical people who take pride in their work and demonstrate their passion for providing excellent service to our internal clients.
