#### Development Services Dream Job Seekers Need Apply

Are you a successful leader in the field of development services? Would it be stimulating to apply your talents in a geographically unique municipality that values service, entrepreneurialism and smart growth? Now imagine if all that professional advantage could be made available in one of Canada's most desirable cities in which to live and work.

The opportunity exists. Welcome to the beautiful, growing and temperate city of Penticton.

A member of the city's senior management team, and working closely with the CAO, as the next Director of Development Services, you will capably lead a team in the ongoing enhancement of what is an adventurous waterfront city that focuses on sustainability, community and economic opportunity.

With your solutions-orientation, your superb relationship skills and your extensive knowledge of the principles and methods of community and land use planning, you bring strong administrative and leadership skills to the city, as well as direct and successful accountability for the development and administration of operational and capital budgets. You are also a superb communicator with a penchant for ensuring best practice service delivery.

Don't miss out on this rare opportunity to not only benefit from life in this wonderful community, but materially enhance it through your professional talent.
