

Create the city of tomorrow, today.

ENGINEERING CAREERS

The City of Surrey is a place of innovative transformation and accelerated growth—where the future is limitless and possibilities are endless. If you are excited about helping to build the city of tomorrow—and you share our values of integrity, service, teamwork, innovation and community—join us, today.

Engineering Plan Reviewer (Engineering Assistant 2)

Working in the Land Development Division, this intermediate technical and administrative position provides support and assistance to senior staff in administrative responsibilities, and performs moderately complex technical work related to the completion of a variety of City engineering activities and projects specifically related to Building Permit Application referrals to the Engineering Department.

Responsibilities include: preparing and or reviewing designs, detail drawings, specifications and project estimates, performing field inspections, and reviewing outsourcing service agreements. Applicants must possess the ability to communicate and deal effectively with a wide range of individuals and groups including the general public, internal municipal staff and elected officials and external private and government agencies.

The successful completion of a one-year certificate in a related field of Engineering Technology is required supplemented by a minimum of three years of engineering experience with a demonstrated record of technical knowledge, skills and ability or an equivalent combination of related training and experience; OR a completion of a two year diploma in a related field of Engineering Technology relevant to the position. Applicants must possess a valid Class 5 BC Driver's License.

We offer a dynamic work environment and excellent opportunities to advance.

integrity | service | teamwork | innovation | community
