The ideal candidate will be an upbeat team player with great attention to detail who possesses:

- Completion of a degree in Geographic Information Systems, or a degree in a related field and a diploma in Geographic Information Systems, or a degree in a related field and at least 5 years of related experience in Geographic Information Systems.
- Experience in using ESRI Basic and Standard licenses v10.0 +.
- Knowledge of basic to advanced geoprocessing tasks.
- Knowledge of programming language (VBA) an asset.
- Ability to create custom tools; use of Python and ModelBuilder an asset.
- Experience using AutoCAD software.
- Experience with data collection using GPS, post processing and integrating into file geodatabases.
- Strong attention to details.
- Extensive knowledge of the principles, practices, methods and techniques used in land use planning and building services.
- Thorough knowledge of provincial regulations pertaining to planning and development.

For further information, please see the full job description at [www.slrd.bc.ca/employment](http://www.slrd.bc.ca/employment).

Compensation will be determined commensurate with knowledge, skills and ability, includes a comprehensive benefit package and Municipal Pension Plan and offers the ability to work a compressed work week (nine-day fortnight).

Interested candidates are invited to submit their resume with a covering letter by email, no later than **May 29th at 5:00 p.m.** to:
