

**Design Technician
Temporary Full-Time**

The District of North Vancouver – stretching from Deep Cove in the East to the Capilano River Canyon in the West – is characterized by innovative municipal government that maintains and enhances the quality of life for its residents and businesses.

We currently have an immediate temporary full time opening for a Design Technician for the summer, to work as part of our Engineering Design and Planning Section until approximately August 31, 2016. You will be involved in the design of municipal engineering services. Duties included design, layout, cost estimating, construction technical support for water, sanitary and storm systems, roads, sidewalks, utilities and related projects; including reporting on related studies and investigations.

Applicants must be enrolled in or have recently completed a technical diploma or engineering program. An equivalent combination of training and experience will be considered. Familiarity with computer aided drafting design (CAD) is required along with a valid BC Driver's Licence.

The salary range for this position is \$32.63 to \$38.52 per hour (2015 rates) based on a 35-hour work week.

We are looking for a passionate and results-oriented individual who has excellent interpersonal and communication skills. If you have what we're looking for and enjoy working in a fast paced environment with a group of enthusiastic and dedicated employees, we would like to hear from you. Please apply on-line with your cover letter and resume at www.dnv.org/careers by May 17, 2016.

We thank you for your interest in employment with the District of North Vancouver and advise that only those shortlisted for an interview will be contacted.
