

PORT MOODY

CITY OF THE ARTS

The City of Port Moody is a growing community of 34,000 residents located 30 minutes east of downtown Vancouver at the head of the Burrard Inlet and just steps from seaside parks, mountain trails and lakes. To achieve our mission of providing services that enhance the quality of life for all of our residents, we are looking for motivated individuals to complement our team.

Title Infrastructure Engineering Technologist

Job Class Regular Full-time

Employment Group CUPE 825 (Inside)

Posting Period September 20 - October 1, 2017

Position Overview The City of Port Moody is seeking a motivated individual for the regular full-time position of Infrastructure Engineering Technologist.

Responsibilities This position will be responsible for assisting with development and administration of guidelines and procedures for effective management of City infrastructure and for determining engineering infrastructure requirements to accommodate future growth (land development). Responsibilities also include: updating and maintaining City infrastructure asset information; development and maintenance of water, sanitary and storm utility models for city infrastructure; providing assistance and direction to a wide variety of internal and external contacts; liaising with Developers, Contractors, Operations Department and the general public; and application of bylaws and specifications related to development projects including review and processing of engineering designs and cost estimates, compiling deficiency lists and conducting field inspections.

Requirements **Please note that employment with the City of Port Moody is subject to the receipt of a satisfactory police records check and also a satisfactory driver's abstract.**

Please submit your online application @ www.portmoody.ca/jobs by the posting close date.

- Basic Qualifications**
- Diploma of Technology in Civil Engineering plus a minimum of three years related experience
 - Eligibility for Registration with ASTTBC as an ASCT
 - Knowledge of municipal engineering operations, MMCD standards and specifications
 - Experience with engineering plan reviews for development permit applications
 - Ability to prepare, read, and interpret plans, specifications, contract documents
 - Ability to exercise independent judgment and decision making
 - Effective written and verbal communication skills including preparing public reports
 - Excellent customer service and interpersonal skills
 - Experience in CAD, GIS mapping systems and civil software models (water/storm/sanitary); project management and tendering contract experience is an asset
 - Proficiency with computer programs (MS Office)

Compensation - Hourly \$35.41 - \$38.13

Compensation & Benefits Overview The City of Port Moody strives to be an employer of choice and offers an excellent benefits package as well as professional development opportunities.
