Web Site: tol.ca

Join a "Community of Communities" – the Township of Langley, home to approximately 120,000 residents, is committed to providing progressive business, housing, and recreational opportunities, while balancing its unique mix of urban growth and rural beauty. A truly fun and beautiful place to work, the Township of Langley offers competitive salaries; excellent benefit packages; municipal pension plan; employee wellness programs; and, opportunities for professional development and career growth.

The Township of Langley is currently recruiting for a regular full-time **Senior Network Infrastructure Analyst** to join our team of professionals in the Corporate Administration Division; Information Technology Department.

Reporting to the Manager, Network and Security, you will be responsible in this unionized position for assessing business requirements for client departments; acting as project leader regarding the acquisition and implementation of approved IT infrastructure systems; performing various system administration tasks; evaluating user requirements for systems as directed; and investigating complex system problems and discussing with a superior. You will also research, recommend and prepare reports, guidelines and procedures for computer security and use in the organization; plan, assign, supervise and review the work of a small group of technical subordinates engaged in maintaining storage administration, server, voice and data network systems. Additional responsibilities include preparing and maintaining a variety of materials such as procedures, manuals, records, files, reports, and correspondence related to the work, establishing relationships with users, suppliers and other applicable internal and external contacts, and keeping abreast of developments in information technology hardware and software related matters.

Your education will include a two-year diploma from an institute of technology in systems and programming, plus considerable related experience or an equivalent combination of training and experience. You will have excellent problem definition and resolution skills as well as sound knowledge of the methods and principles used in training users in the use of hardware and software applications and a good working knowledge of programming and systems analysis techniques as related to the work. You will possess good customer service skills balanced with the application of best practices and organizational policies. You will have considerable knowledge of the characteristics and capabilities, as well as hands on working experience, with one or more of the technologies used at the Township of Langley, including Cisco and/or Palo Alto firewalls, switching, ISE, PRIME, wireless technologies, NetApp SAN or Enterprise NAS, F5 technologies (Big IP, GTM, ASM), Microsoft Active Directory, Windows Server, System Center, and Microsoft Exchange, Mitel and/or ShoreTel VOIP, virtualization technologies such as VMWare and Hyper-V and experience with PKI environment. CompTIA Certifications in A+, Network+, Security+, CCNA, CCNP, VCA, VCP, NCSA, NCDA, MCP, MCSA, MCSE, or higher, and certifications and/or formal training in any of the above technologies is desirable.

In order to be considered for this position, candidates must have the following valid and current certifications / licenses (must be valid at the time the posting closes) and these **must** be attached with your application. **Applications without the attached required documents below will be deemed incomplete and will not be considered.   Please title your attachments with the number of this competition and have these documents ready to upload when you apply:**

BC Class 5 (full-privilege) driver's license or equivalent driver's license for where you reside. You must upload a current **Driver's Abstract (select the 5 years' option if obtaining online)** that has been obtained within 6 months of the closing date below with your application. To obtain a copy of your **Driver's Abstract**, please contact ICBC directly or the driving authority where you reside. Copies or pictures of your driver's license will **not** be accepted.

The CUPE rate of pay for this position is $41.37 - $48.87 per hour (5 steps, 2017 rates); $42.20 - $49.85 per hour (5 steps, 2018 rates) plus benefits. The hours of work are Monday to Friday 8:30am – 4:30pm.

If you wish to pursue this exciting career in a growing community, please visit tol.ca/careers to apply.

The closing date for this competition is by **4:30pm Tuesday, November 28, 2017**

We appreciate all applications; however, only short-listed candidates will be contacted for an interview.
