Parkland County has a nepotism policy in effect. Please contact Human Resources for further information on this policy (including the definition of a relative under this policy).

We thank all applicants for their interest; however only those selected for interviews will be contacted.

The personal information submitted pursuant to this advertisement is being collected under the authority of the Municipal Government Act and will be used for Parkland County employment opportunities only. The personal information that you provide may be made public, subject to the provisions of the Freedom of Information and Protection of Privacy Act.

With a population of 32,097, Parkland County offers a range of municipal services and a vibrant mix of agricultural, residential, industrial and recreational opportunities. This unique rural area is situated on the west outskirts of Edmonton, stretching over 2438 sq. km. of picturesque landscapes. We are currently inviting applications for a:

## **SENIOR PROJECT ENGINEER**

(Permanent, Full-time)

Parkland County has a Permanent, Full-time position available in the Engineering Services Department for a Senior Project Engineer. Reporting to the Manager, Engineering Projects, this position provides support by assuming project management responsibilities on Capital projects within Engineering Services. Projects will focus on development or major rehabilitation of municipal service areas including, but not limited to, transportation, water, sanitary, storm water, and utility infrastructure. This position needs to be well organized and have the ability to manage multiple ongoing activities at various stages of completion. Strong interpersonal and communication skills are necessary. This position will liaise with persons throughout the County at all levels and must be able to effectively work alone and within a team environment. This position may supervise up to one individual directly but will indirectly lead small working groups in a team environment.

### **QUALIFICATIONS:**

- Degree in a Civil Engineering, Environmental, Water Resources or other Municipal Services related field.
- Minimum five (5) years of professional engineering experience relating to project management, planning, design and construction of civil engineering municipal infrastructure projects (transportation, water, waste water, storm water systems, drainage, solid waste management). Supervisory experience is required.
- Ability to read drawings/blueprints and have relevant experience with engineering-related software (AutoCAD).
- Requires the eligibility for registration with Association of Professional Engineers Geoscientists of Alberta (APEGA) and as a Professional Engineer (P. Eng.). Designation as a Project Management Professional (PMP).
- Proficiency with computer applications including Microsoft Office. Experience operating asset management, project management and estimating software is an asset.
- Valid Class 5 Driver's License. Upon hire, a current Driver's Abstract and satisfactory driving record must be provided.

<b>Competition Number:</b>	17-28MIN
<b>Rate of Pay:</b>	\$97,771 to \$122,203 per annum
<b>Hours of Work:</b>	7 hours/day; 35 hours/week
<b>Competition Closing Date:</b>	Thursday, April 6, 2017 at 4:30 p.m.

Further information concerning this position can be obtained by calling Jody Hancock, Director, Engineering Services at 780-968-8441.
