

BUILD A CITY. BUILD A FUTURE.

SECURITY SYSTEMS TECHNICIAN REGULAR FULL-TIME

As one of the fastest growing cities in Canada, City of Surrey is a globally recognized leader in building vibrant, sustainable communities through technology and innovation. City of Surrey employees are talented innovators, inspired by meaningful work and the opportunity to drive our city—and their careers—forward. **Build a City. Build a Future at the City of Surrey.**

SCOPE

Union - CUPE Local 402 – Regular Full-time

SCOPE

As a Security Systems Technician, you'll play a key role in keeping City facilities safe and secure by installing, maintaining, and repairing advanced security systems—including cameras, alarms, access control, and network cabling. This hands-on position offers variety, technical challenges, and the opportunity to work with cutting-edge technology while ensuring reliable protection across City sites.

RESPONSIBILITIES

- Install, maintain, and troubleshoot low-voltage systems including data networks, fiber optics, CCTV, DAS, and audio-visual systems.
- Set up and service security systems such as intrusion alarms, ULC fire monitoring, access control, and intercoms.
- Repair and maintain automatic door systems and related hardware.
- Diagnose and fix issues with circuits, components, and equipment.
- Perform inspections, testing, and preventative maintenance on alarm and security systems.
- Complete conduit and wiring installations, including termination, testing, and labeling.
- Read and interpret blueprints, schematics, and technical drawings.
- Program and configure networked security systems and microprocessor-based devices.
- Respond to service calls and troubleshoot system issues on-site.
- Maintain accurate records, including service reports, work orders, and inspection logs.
- Assist with cost and material estimates for security projects.
- Collaborate with other staff and support team operations as needed.
- Performs other job duties as required.

INTEGRITY • SERVICE • TEAMWORK • INNOVATION • COMMUNITY

Help us build a world-class city. We are hiring talented innovators seeking meaningful work to drive our city - and their careers - forward.

BUILD A CITY. BUILD A FUTURE.

QUALIFICATIONS

Candidates under consideration will have the following:

- Completion of Grade 12.
- Certificate of Qualification as a Security Systems Technician plus 5 years of progressively responsible relevant experience. An acceptable equivalent of education and experience may be considered.
- Class C-R – Security Alarm FSR Certification if applicable.
- Security worker license.
- Valid BC. Driver's License with safe driving record.
- Be able to obtain and maintain Enhanced SPS Reliability Security Clearance.

KNOWLEDGE, SKILLS AND ABILITIES

- Strong understanding of security systems and low-voltage technologies, including access control, surveillance, alarms, and data networks.
- Skilled in troubleshooting, repairing, and maintaining electronic and networked security equipment.
- Ability to read and interpret blueprints, technical drawings, and building/electrical codes.
- Proficient in using hand and power tools, working safely on elevated platforms, and following safety regulations.
- Effective communication and teamwork skills, with the ability to keep accurate records and explain technical solutions clearly.
