### Position Overview

Are you a self-starter who is motivated by providing services to the public? If so, the City of Kamloops' Transportation Division is looking for someone to join their team as a **permanent, full-time Transportation Technician I**. This position works with a dynamic team on traffic operations work within the community. This role assists in the approval of transportation permits, reviewing traffic control plans, oversized vehicle permits, and right-of-way usage permits. Other tasks include receiving and investigating inquiries and complaints related to traffic/transportation matters, conducting speed studies and traffic counts to help make important transportation engineering and planning decisions. If you are someone who shares our corporate values of Resilient, Purposeful, Trusting, Inclusive, Health Conscious, and Cooperative, the Transportation Division is a place where you can grow your career and have a direct, positive impact in the community.

As a key member of our Transportation team, you will be at the forefront of shaping the future of our city, while enjoying a host of benefits that come with being a part of our team. From job security to an unbeatable pension plan, we take care of our employees. But it's not just about work - Kamloops offers an active outdoor lifestyle with endless opportunities for hiking, biking, skiing, and more. And with a renewed focus on housing growth, there has never been a more exciting time to be a part of our team. So, what are you waiting for? Apply now and take the first step towards a fulfilling career in one of Canada's most beautiful and dynamic cities.

### Living in Kamloops

We are known as Canada's Tournament Capital and are famous for our hospitality and community spirit - traits that make us a leader! Recreation, sports, arts and culture, health care, social activities, volunteerism, and affordable housing all meld to form a unique blend of big-city amenities with small-town ambience. This is Kamloops!

The successful candidate must have the following qualifications:

1. Completion of a two-year diploma in Engineering from a recognized technical institute.
2. Minimum of 6 months' experience in traffic or transportation technical engineering.
3. Valid BC Driver's Licence - Class 5.
4. Ability to obtain Traffic Control Person (TCP) Certification within a year.

For new hires, and for those working in designated positions of trust, including those working directly with vulnerable persons, no formal offer of employment will be made until an applicant completes a police information check. A comprehensive benefits package is included with this position. This is a CUPE local 900 position.

Please note that this position will only be filled if we are unable to fill competition Transportation Tech II (Requisition #1954).
